[Using RUMlogNG for iOS with an Elecraft KX2 over Bluetooth](#)

My goal is to build the project for under \$35. I'm also planning to design my own PCB board and offer it as a kit.

VA2SS.com

A test of the saltwater effect using WSPR

The simultaneous reports showed a mean 10 dB SNR advantage for Vertical 1 at the shore.

ARRL finally realizes status quo isn't going to cut it

Any "visioning" or strategic planning that doesn't get the membership involved right from the start just isn't going to work.

[KB6NU.com](#)

Thank a Ham radio operator today

Since the early 1900s, no other group has made a greater contribution to radio communications.

RF Noise: Find the sources

Neighbors, street lighting, shopping malls plus much more. I have had a few QSOs on SSB when the propagation have been good and other stations have been strong so they have overthrown my QRM.

[SA5LKC](#)

HF signal propagation reporter

Where is your signal being heard? Is your antenna working? What is the status of the band?

Check out this video to learn about the PSK reporter website and how it can benefit you.
